# AS55

55 mm Alcas Sliding System  
55 mm Alcas Sürme Sistemi

**ALCAS®** Türkiye, Avrupa, Ortadoğu ve Kuzey Afrika pazarı için dizayn ettiği mükemmel bir sürme serisi olan AS yalıtımlı ve yalıtımsız olarak iki farklı tipte ürün sunulmuştur. 2 ve 3 kanallı olarak dizayn edilen seri aynı anda 2, 3 ve 4 pencere olarak açılabilir. Zarif hatlara sahip serimiz turistik ve lüks otellerde, villa, rezidans, lüks restoran ve cafelerde kullanım alanı bulmakta, yer kaybını engellemekte, bulunduğu mekanın değerini artıracak bir estetiktedir.

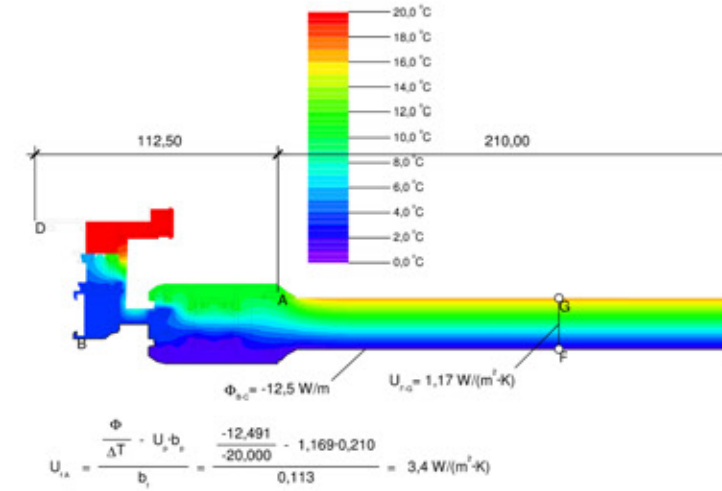

AS serisinde kullanılan tüm aksesuarlar özenle üretilmektedir. Rulman tekerlekler yapılan testler neticesinde binlerce açılıp kapanmada deforme olmayacak paslanmaz çelikten üretilmekte, yine rayları deforme olmayı engellemek için paslanmaz sacdan bükülerek yapılmaktadır.

AS serisi kendi segmentinde Türkiye'nin en geniş profil seçeneğine ve tamamlanmış aksesuarlarına sahip bir seridir.

**ALCAS®** presents two different, insulated and non-insulated. AS sliding series designed for Turkish, European, Middle Eastern & North Africa markets. The series, having 2 & 3 channels, can also be opened as either 2, 3 or 4 windows. With its delicate and design it also has an area of use at touristic and luxury hotels, residences, restaurants & cafés. By reducing the loss of area, it also increases the worth of area.

All the accessories used in AS series are specially designed and produced. The results of roller wheel tests shows that our series are capable of working without deforming; thanks to its special stainless steel rollers and stainless sheet rails, even after thousands of opening/closing.

AS Series has the best series in Turkey with its completed accessory set and wide range of profiles.
